

How to Authenticate This Official PDF Transcript

This official PDF transcript has been transmitted electronically to the recipient, and is intended solely for use by that recipient. It is not permissible to replicate this document or forward it to any person or organization other than the identified recipient. Release of this record or disclosure of its contents to any third party without written consent of the record owner is prohibited.

This official transcript has been digitally signed and therefore contains special characteristics. This document will reveal a digital certificate that has been applied to the transcript, and for optimal results, we recommend that this document is viewed with the latest version of Adobe® Acrobat or Adobe® Reader. This digital certificate will appear in a pop-up screen or status bar on the document, display a blue ribbon, and declare that the document was certified by Parchment, with a valid certificate issued by GlobalSign CA for Adobe®. This document certification can be validated by clicking on the Signature Properties of the document.

The Blue Ribbon Symbol: The blue ribbon is your assurance that the digital certificate is valid, the document is authentic, and the contents of the transcript have not been altered.

Invalid: If the transcript does not display a valid certification and signature message, reject this transcript immediately. An invalid digital certificate display means either the digital signature is not authentic, or the document has been altered. The digital signature can also be revoked by the transcript office if there is cause, and digital signatures can expire. A document with an invalid digital signature display should be rejected.

Author Unknown: Lastly, one other possible message, Author Unknown, can have two possible meanings: The certificate is a self-signed certificate or has been issued by an unknown or untrusted certificate authority and therefore has not been trusted, or the revocation check could not complete. If you receive this message make sure you are properly connected to the internet. If you have a connection and you still cannot validate the digital certificate on-line, reject this document.

The current version of Adobe® Reader is free of charge, and available for immediate download at <http://www.adobe.com>.

Rochester Institute of Technology, Rochester, NY – Transcript Key

Accreditation

Rochester Institute of Technology is chartered by the legislature of the State of New York and accredited by Middle States Association of Colleges and Secondary Schools. In addition to this comprehensive accreditation, curricula in some of the colleges are individually accredited by their respective associations.

Calendar

Historically, RIT has operated on both semester and quarter calendars. RIT operated on a semester calendar prior to 1954. In 1954 most of the University converted to a quarter calendar with the exception of the College of Continuing Education, which adopted the quarter calendar in the summer of 1971.

In the Fall of 2013, RIT converted the entire University to a semester calendar.

On August 12, 2013, RIT converted cumulative quarter term credit hours and quality points to semester equivalents by multiplying these cumulative totals by .6666667. If a transcript has the 2013 Conversion Term listed, both the last quarter statistics and the new semester equivalent statistics will be listed.

To convert previously earned semester credit hours to quarter hours, multiply semester hours by 1.3333337. To convert quarter hours to semester credit hours, multiply quarter hours by .6666667.

Academic Probation Policy for Matriculated Students

Undergraduate Full-time

Thesis

When a graduate thesis is completed and accepted, the thesis title is posted at the beginning of the transcript.

Rank

RIT does not rank its students.

Confidentiality

This information is confidential. Release is covered by the Family Educational Rights and Privacy Act of 1974 (FERPA), as amended. This transcript cannot be released to a third party without the written consent of the student.

Repeat Course Policy (undergraduate only)

If an undergraduate student repeats an undergraduate course, the last grade will stand as final. If a course has been repeated, both the original course and the repeated course remain on the transcript. Only the final course attempted will be included in the GPA.
